**SUBJECT:** EPC Agenda (U)

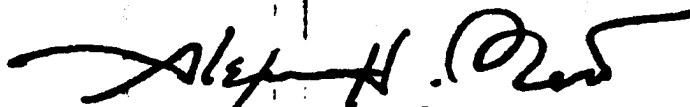

Attached is the EPC agenda for December 2-19. (U)

The subject for Thursday, December 12, at 11:00 a.m. has not yet been determined. We will inform you when we know. (U)

Today's EPC meeting on textile trade issues resulted in renewed agreement to veto the textile bill and agreement that no new commitments will be made on textile policy in a veto message. Another EPC meeting will be called in mid-January to consider negotiating instructions on the MFA. (S)

Our sense is that, given the light schedule of the EPC, the next NSIS Working Group meeting will be called late next week, possibly to review progress of the EPC Working Groups. (U)

Please call me if you have additional questions. (U)

Director of International Economic  
Affairs
